Athanasios Hatzopoulos,

When 725 Bank Street Development Inc. purchased the property located at 725 Bank Street, Waterbury Ct., We were given environmental indemnification from the previous owner Ansonia Speciality Metals, LLC. This indemnification list the responsible party as Atlantic Richfield Company (ARCO.) We have tried working with them to arrange remediation. They are unwilling to take responsibility and remediate the site. Please review the enclosed documents we received at closing. Any assistance you can offer in this matter would be greatly appreciated.

Thank you,

John Ziggas
President/Owner
